

Installment Financing Survey

Objective

The purpose of this survey is to gain insights into your preferences, motivations, and concerns regarding installment financing for technology purchases, such as electronics, appliances, and mobile devices. Your responses will help us assess the value and potential structure of installment financing options, ensuring our offerings meet customer needs while aligning with our business goals.

What is Installment Financing?

Installment financing allows customers to purchase products or services by dividing the total cost into smaller, fixed payments over a set period, instead of paying the full amount upfront.

Data Privacy Statement

All responses are confidential and anonymous. The information collected will be used exclusively for internal research purposes. No personally identifiable information will be gathered.
